**Way Out West** by Harold Cosgrove (13:00)

Harold & Mary head out to the west coast. They stop by Shannon Falls the 3rd largest in BC. Then it's off to Whistler Village by gondola which takes 25 mins. At the Aquarium, btw that's not Harold in the swim suit. Take a walk on the wild side with the suspension bridge. Harold sat that one out. Pyramid Falls can only be seen by train. The falls are, in total, about 300 feet high & drop that distance in 2 large drops. The second & largest of the 2 drops fans out near the bottom in the shape of a pyramid, hence its name. The creek, after dropping over the falls, flows under the railway tracks & joins the North Thompson. Ending the trip was a Maliza Lake cruise.

**VERY IMPORTANT**

Just a reminder that all video lengths **MUST** be kept to no more than 10 to minutes (12 minutes max). If the video is longer, then a portion shall be shown and the rest of it will be shown at the next meeting. There may be exceptions but that will be decided at the time. **Please do not try to “sneak” in one that is longer than ten minutes** unless special permission is given. If the video is longer than the minimum, any of the executive members has the obligation to tell the AV person to stop the video. In which case only half will be shown and the other new. It would not be fair to keep showing videos with the same subject content .repeatedly. Half will be shown next meeting. No club members can override this decision. We need to be able to show as many videos from the members as possible and keep the subjects fresh.
