What did you do last month?

The August monthly contest has no subject so you can enter anything you worked on!! No excuses with all of the summer activities, trips, amazing storms and lightning flashing across the sky. There must have been something that you were interested in shooting and made a movie of to show at the club!!!

Dan Copeland has done a nice job on the website and if you have not visited HVFM.ca you should. Sign up in the forums if you wish and use the buy/sell, question and answer area and others. Dan has also put links to other clubs and members websites. If you are a member and have a website that you want the club to mention then let Dan know.

John Cook has been keeping his eyes glued to the leading edge of Television and video once more. New 50M CCD chips for high end cameras. The new 50-MP CCD image sensor has already been designed into Hasselblad's new H3DII-50 high-end DSLR camera system, touting the 1 fps capture rate due to the 4-channel readout structure. The H3DII-50 will be available in October 2008.

Also now the industry is trying to set a standard so we can all have 3D television in the next few years. 2 groups, the CEA and SMPTE are both trying to create one standard so all content will work on all of them. I can't wait for an affordable 3D system. With good movies and shows it can be amazing.

Sadly, the Brantford club informed us that a former visitor and one time member I believe, Frank Birch, passed away in July after a battle with cancer. Many of the current club members knew him and worked with him on various club projects over the years.

Dave

2008 CONTEST TOPICS:

The following are the THEMES for the HVFM monthly contests. Please keep this list near your editing system or in your camera bag and refer to it often. The success of the club meetings is dependant on your entries.

August (no specific subject)

No excuse such as snow or freezing rain, so get out and shoot lots of footage. Bring us a work in progress for a critique.

September – Holiday / Travel Documentary

Where did you go, what did you do on a trip somewhere this year. Heck, maybe you could turn your trip to the grocery store for milk into an interesting travel documentary. ALSO - this month is the deadline for bringing your entries for the visitors night show.

October – Visitors Night

We show your best works of the year to members and hopefully new members and visitors. So, bring a friend or a family member or a stranger you met on the street, but let's fill the room.

November – Seasons

You have had three seasons in the past ten months to shoot footage for this production. Edit as you are going through the year so you do not have to do it all at once.

December (no specific subject)

Surprise us with something new that nobody knew you were working on.

If you have any questions about any contest or regular monthly showing, please contact Jim Small at 905-765-9584 or Jon Soyka at 905-388-5840.

**Meetings held the first Thursday every month at the
Royal Canadian Legion Hall – 12 King St. E., Stoney Creek
Videomaking Basics – 7:00 p.m., Regular Meeting – 7:30 p.m.**
