### ANNOUNCEMENTS

Jon's Corner will start at 7:00pm at June's meeting.

Paul talked about postponing the annual films until December.

Our potluck dinner is next month & Paula will be singing at it.

Tonight was our annual AGM which we haven't been able to have for several years due to Covid. Rick gave us a treasury report. We lost about \$470.00 but we still have \$2,600. in the bank. Paula talked about membership. We lost about 10 people in the last 1.5 years. Some to leaving, some to health and sadly some passed away.

Paul talked about the Executive and said that everyone is acclaimed. Ray, Alex, Rick, Paul, Ben, Anne & Dave except we don't have a President at the moment. So we're gonna rotate.

If anyone is interested Gerry Etienne does poetry for videos. See him at the next meeting.

### GENERAL FILMS

**33 Roadster** by Barry Randall (7mins)  
Barry has a friend of a friend, Doug Elliot who built a 33 roadster. Barry filmed it using a tripod, jib & a slider rail. The most interesting shot was Doug backing it out of the garage while laying down so it appears the car is remote control.

**In Need Of Repair** by Jogar & Paul Bentley (15 mins)  
A French speaking movie with Paul as a newly separated man with OCD. He wakes every morning at 4:45 and does his daily ritual/ routine. He contemplates suicide but decides against it after everyone phones him to see if he's alright.

**Meetings held the 1<sup>st</sup> Monday every month at the  
St. Matthew's Anglican church – 126-136 Plains Rd E Rd.,  
Burlington, ON**

**Cayman Brac Trip 2023** by Rick Doelle  
(4:12)

A trip that Rick went on a month ago. It's just near Cuba where he was scuba diving with lots of different fish. He swam near the Russian Patrol Vessel 356 which was bought and purposely sunk as an attraction and also as coral. There was a shot of a Manta playing hide and seek.

**COFFEE BREAK**

Coffee, tea and something special from Anne. Tiny pizza slices, Samosas, and something very spicy that no one warned me about. Victor won the 50/50 draw.

**The Broken Tree** by Rick Doelle (1:59)

A poem written by Rick regarding the broken tree split into 3 places. That tree is in the Eramosa Karst Conservation Area in Upper Stoney Creek. It's beside the Orange Trail, between the Pottruff Blind Valley and the Stewart Creek Sink. Walk 800 meters, you will find it.

**Astronauts** by Paula Cutulle (8 mins)

A film she did shortly after joining the club with Fred & Manfred playing Astronauts that have been lost in space for over 50 years. They filmed in the back seat of her car in the summer with the windows up.

**The Stranger** by Alex Szatmary (5 mins)

Alex does double duty as the host and the ancient alien he is interviewing that claims he can look like anyone. It was shot with a split screen. He used a monitor and a DVD in order to talk to himself and did all the camera movements in Post Production.

Keep the videos coming. See you all June 5th
