Welcome back everyone to another evening of videos.

Tonight's MC was Ray.

Anne put out a spread of breaded shrimp, cheese, sausages & cakes so we ate whenever.

## ANNOUNCEMENTS

Anne has negotiated a monthly discount. Next month we will be breaking into 2-3 groups a shooting a horror movie using the entire church.

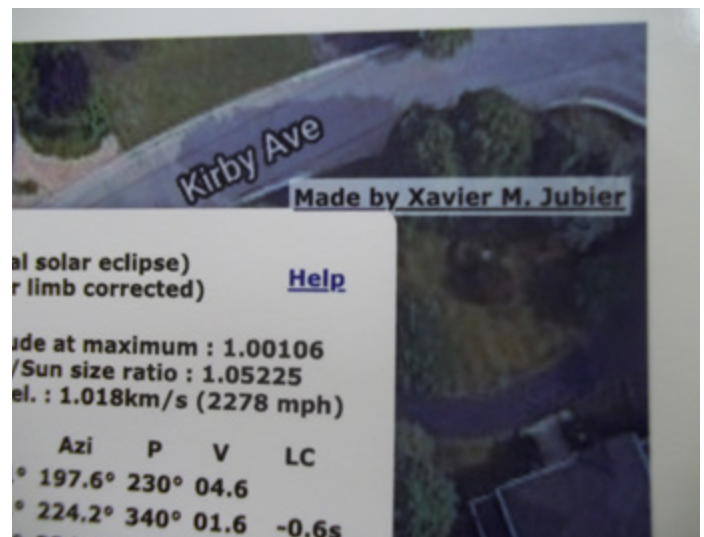

Anyone wanting a link from their YouTube channel to the club website please let myself or Paul know. And a preference of videos.

## George's presentation

The cloud cover is quite thick at the beginning hiding the stars. The cloud cover disperses & the light on the moon becomes brighter. Opening the iris has its advantages and disadvantages. Watching 7/8 of the eclipse while darkening the exposure we don't see much detail. In 6/8 of the eclipse we see detail. Lots of cloud cover in 1/2 the moon with detail. The glasses have a miler fitter. If you're a member of the McMaster Library, you can get them for \$2.50 each. The second video we see is a solar eclipse using different filters giving the sun different colours.

If you watch it intently you will see a dot when you close your eyes. To find out where the eclipse will be go to <http://www.kasonline.com> or if you google Xavier M. Jubier you will find out when it will be in your area.

**Jamaica 2017** by Anne Thompson (6 mins)  
On a trip to Jamaica during some scary road trips up in the hills. She visits people in St. Catherine's Parish in Jamaica. The video ends with a trip to the cemetery with someone named Gardener.

**Meetings held the 1<sup>st</sup> Monday every month at the  
Faith United church – 842 Main St E.,  
Hamilton, ON**

**Just Don't Get Caught** by Paul Bentley & Ben Leonetti (1.5 mins)

A different spin on a Tim Horton's commercial. This was done during bag night April 2015. It shows Ben trying to steal something from Fred and he ends up with a box of donuts.

**Our Wonderful Trip to Vegas** by Paul Bentley (11 mins)

Paul & Ivanka start their trip in Red Rock Canyon. When the sun goes down it starts getting a little chilly. Lots of vegetation there considering it's in a desert. Hoover dam is in the Black Canyon of the Colorado River. Constructed between 1931 and 1936, during the Great Depression, it was dedicated on September 30, 1935, by President Franklin D. Roosevelt. Its construction was the result of a massive effort involving thousands of workers, and cost over 100 lives. Lake Mead is a reservoir formed by the Hoover Dam on the Colorado River in the States of Nevada and Arizona. It is currently only at 26.63% of it's full capacity since 1983. Death Valley is a very hot area where the temperature has been known to reach 56 degrees. At 282 feet below sea level at its lowest point, Badwater Basin on Death Valley's floor is the second-lowest depression in North America. The Grand Canyon is always a site to behold. Big horn sheep are the cliff walkers of the canyon. Nothing like a stroll along the cliffs edge. Before you know it you've walked down 800 ft and have to walk back up.

**Boston Harbour** by Dave Stewart (1.5 mins)

Or as they pronounce it in Boston, Bastan Haba. The sights and sounds of Boston Harbour at night.

*Dave is not waiting for the show to start. He's watching on his laptop.*

*Paul has so much tape on his fingers the remote is stuck to his hand*

*Rick is waiting for the right moment to strike for the food.*

## COFFEE BREAK:

We all ate during the evening as the food was warm.

Cathy won the 50/50 draw....again

*...Cathy won the 50/50 draw*

Ken Davy was a long time member , serving on the Executive board.

It is with profound sadness we announce the passing of (John) Kenneth Davy who died in his 98th year. Ken was an artist, filmmaker, author and historian who achieved great success in his career at Stelco. Ken was blessed with good health until the end and was loved dearly by family and friends, a sure sign of a life well lived.

Ken was a loving husband to Jean Mildred (deceased 2002) and Iris (deceased 2022); loving father to Carol, Denise (Mike), Mark (Alison) and Drew (Jackie); proud grandpa to Emma, Katie, Ryan, Carmen, Nathan and Cynthia; loving great-grandpa to Kendra, Kaitlyn and Brian; and his unofficial daughter Sharon Kresak. Predeceased by his parents Mary and Dennis Davy.

Ken was born in the North End of Hamilton, which had a reputation for being rough and tumble and played a part in carving out the tenacious streak that Ken was so well known for. During the great depression, his father Dennis worked in a cotton mill and his mother Mary sang in the church choir. When he retired from Stelco in 1989, he was General Manager Advertising and Market Promotion. During his 40 years at Stelco, Ken and his department won many awards of excellence, including "Canada's Advertising Man of the Year. After Ken retired, he joined the Hamilton Video/Film Makers and The Burlington Historical Society, which he was President, and where he booked speakers, wrote stories for the Burlington Post and, secured a Trillium grant to have a book and video completed that captured the history of the infamous Brant Inn.

Keep the videos coming.

See you all next month, Feb 5th

Same bat time.
