### GENERAL FILMS:

#### **The Crooner** by Paul Bentley

Paul walks through downtown with his friend Tony. On the way Tony decides he wants to talk to the women on the street. Once they arrive at the retirement centre he starts singing in the likes of Dean Martin & Frank Sinatra. The ladies in the hall did not know this was gonna happen.

#### **MacDougall** by Ray Bayliss

Two men go looking for a missing Scotsman Connor MacDougall in the Swiss Alps only to find out something they didn't expect. Ray filmed this in his backyard against a green screen. Extra shots were filmed in the basement.

#### **Free Meals for Everyone** by Paul Bentley

A shorter version of a much longer video of Anne & volunteers preparing food for Saturday morning at Gore Park. Anne would still like to see it even shorter with less shots of her. Another 30 seconds shorter.
